

## NOW IN OUR 27th YEAR

Adelante is the longest running Latino LGBTQ magazine in the United States and the only monthly publication of its kind. Adelante is bilingual with content in Spanish and English produced by community writers and contributors responding to the interests of the Latino community.

Adelante distributes a monthly print and electronic version free of charge in Los Angeles County, Southern California and beyond. Adelante has an estimated monthly readership of 30,000 and growing.

Adelante was founded in 1998 in response to the HIV epidemic to bring vital information and awareness to Latino communities about the disease. Since that time, the magazine has evolved into a health and community publication covering current and community events, immigration matters, politics, local and national news. Adelante's core focus remains the publication of health and well-being content. To that end, the magazine features on-going columns written by physicians and mental health professionals about physical health and mental health, HIV treatment and prevention. Adelante also runs a monthly Resource Directory for the community to find locations for testing, treatment, and support services.

Adelante features arts and entertainment sections and publishes feature stories about artists, actors, singers, music reviews, fashion and beyond.

Adelante is a community favorite enjoyed by Latino LGBTQ individuals and the broader community at large.

Distribution locations: Nightclubs and bars, video and bookstores, medical clinics, AIDS service organizations, community centers, newsstands, coffee houses, other community locations and electronic.
